

## ARTY

This collection offers a colourful, artistic and daring vision of wallpaper. The often rounded shapes and colours are predominant. Resolutely retro-vintage and graphic, the collection is both minimalist and vegetal. The line portraits, inspired by some of the great masters of painting, and other Bauhaus-inspired motifs provide the geometry. While naive or luxuriant foliage invites you to travel. The colour is worked with pigments, in watercolour and the range of patinated plains completes the atmosphere.
