

Breeze

Breeze is a refreshing new vinyl wallpaper collection entitled to fill our rooms with positivity and joy. As a compensation for the lack of travelling and experiencing different cultures Studio decoprint developed this enjoyable journey in thoughts.

With this fresh breeze we can dream ourselves to the nicest places to be.

RIVIERA

Inspired by the French Avangarde Painters like Matisse and Raoul Dufy the design story RIVIERA shows handpainted, swiftly sketched landscapes, palm trees or vases with flower bouquets like in a rural country house

AMAZONAS

the hot and humid fertility of the Amazonas region was the inspiration for a second group of designs with oversized palm leaves, protea blossoms and some hiding chameleons, Lillies, Orchids and Butterflies

KYOTO

the chysanthemum as a beloved flower motive in Japanese designs is the source of the beautiful, big repeat design accompanied by a handpainted pine tree design

all feature designs can perfectly be matched with a nice authentic vertical fil à fil lookalike plain in a charming colour palette

Inspired by the French Avangarde Painters like Matisse and Raoul Dufy the design story RIVIERA shows handpainted, swiftly sketched landscapes,

swiftly sketched palm trees

abstract design inspired by the lively
characteristic style of Henri Matisse,
free for your imagination, is it a garden
in the Provence?

see the nice handpainted details,
these vases with flower bouquets could
be taken from a nice
rural vacation house in France

to the right: one of the most interesting
colours of the matching plains

the Amazonas region with its fertile flora and fauna was the model for this design with plenty of leaves, protea blossoms and some hiding chameleons

the Amazonas region with its fertile flora and fauna was the model for this design with plenty of leaves, protea blossoms and some hiding chameleons, here as a big digital mural

the Amazonas region with its fertile flora and fauna was the model for this design with plenty of leaves, protea blossoms and some hiding chameleons, here as a big digital mural

lillies, orchids and butterflies, a beautifully blooming paradise jungle

the chysanthemum as a beloved flower motive in Japanese designs is the source of the beautiful, big repeat design, here in a lively multicoloured way

the design looks more elegant in the new mauve/lilac or grey clourways

a more quiet all-over design with small metallic accents,
the pine needles form an interesting pattern

a handpainted pine tree, a traditional japanese motive as well but interpreted in a modern way
